

# Southwestern Christian University Student Emergency Alert Contact Form

In order to immediately contact our SCU community with emergency alerts regarding safety concerns, severe weather, campus closings, etc.; we need each student, faculty, and staff member to provide us their cell phone number and name of cell carrier (Sprint, AT&T, etc.). In case of an emergency, an email and text message will be sent to everyone with an SCU email address and whose cell phone numbers we have. This will help provide an extra measure of security and immediate access to necessary information for everyone in our SCU family. Thank you for your assistance!
