

In Fulfillment of Requirements of the Drug-Free School and Communities Act Amendments

Drug And Alcohol Prevention Program (DAAPP)

Introduction

Southwestern Christian University joins with Universities and Colleges across the United States in an effort to educate and prevent drug and alcohol use and abuse. The United States Congress passed and the President signed into law the Drug-Free Schools and Communities Act Amendments of 1989-Public Law 101-226 on December 12, 1989. This Act requires institutions of higher education must certify that it has adopted and instituted a program to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by students, faculty, and staff.

The conditions for meeting these certification requirements include the following provisions:

1. All institutions of higher education must provide annually, in writing, to faculty, staff, and students a statement declaring:
 - a. Standards of conduct that prohibit unlawful possession, use, or distribution of illicit drugs and alcohol on University property or in connection with University activities;
 - b. An institutional commitment to impose sanctions against students, faculty, and staff who violate such standards of conduct;
 - c. Appropriate legal sanctions under state and federal law for controlled substance abuse;
 - d. Health risks associated with the use of illicit drugs and alcohol abuse;
 - e. The availability of drug and alcohol counseling, treatment, rehabilitation, and re-entry programs.

2. The University must certify that sanctions will be uniformly enforced;

3. The University must review the effectiveness of its drug and alcohol program no less than biennially (2 years) and implement changes appropriately.

This brochure is designed to inform all members of the Southwestern Christian University community of the information listed above. Additional information may be obtained from the resource agencies and offices listed in the text of this brochure.

Statement of Policy

Southwestern Christian University recognizes its responsibility as an educational and private institution to promote a healthy and productive environment. This responsibility demands the implementation of programs and services facilitating that effort. The university is committed to a program that will prevent the abuse and illegal use of drugs and alcohol by its students and employees. The university program includes this policy, which prohibits illegal use of drugs and alcohol in the workplace, on university property, or as part of any university-sponsored activities. This policy also includes the prevention of the use of tobacco and tobacco-related products, such as vapors, hookahs, and related paraphernalia.

SCU holds a “No Tolerance” stance concerning all illegal drugs and will dismiss students from SCU for promotion, distribution, sale, or possession (either on or off campus).

In order to meet these responsibilities, university policy:

1. Requires all students and employees to abide by the terms of this policy as a condition of initial and continued enrollment/employment.
2. Recognizes that the illegal use of drugs and/or alcohol is in direct violation of local, state and federal laws as well as university policies found in the Staff and Faculty Handbooks, and the Student Handbook’s Lifestyle Covenant. University policy strictly prohibits the illegal use, possession, manufacture, dispensing, or distribution of alcohol, drugs or controlled substances in the workplace; on its campus; or as a part of any university-sponsored activities. SCU prohibits the use of tobacco or tobacco related products on its campus and all university-sponsored activities. In accordance with both the Faculty/Staff and Student Handbook’s Lifestyle Covenant, this policy is in effect both on and off SCU campus.
3. Considers a violation of this policy to be a major violation, which can result in a referral for criminal prosecution, and/or immediate disciplinary action up to and including termination from employment and suspension or expulsion from the university. A criminal conviction is not required for sanctions to be imposed upon an employee or student for violations of this policy. SCU holds a “No Tolerance” policy concerning drugs.
4. Recognizes that violations of applicable local, state, and federal laws may subject a student or employee to a variety of legal sanctions, including but not limited to:

fines, incarceration, imprisonment, and/or community service requirements. Convictions become a part of an individual's criminal record and may prohibit certain career and professional opportunities. A current listing of applicable local, state, and federal sanctions can be obtained through the Office of Student Services and Human Resources.

5. Requires an employee to notify his/her supervisor, in writing, of a criminal conviction for drug or alcohol-related offenses occurring in the workplace no later than five calendar days following the conviction.
6. Provides for bi-annual distribution (Fall and Spring semesters) of this policy to all staff, faculty, and students.

Health Risks

Health risks generally associated with alcohol and drug abuse can result in but are not limited to: a lowered immune system, damage to critical nerve cells, physical dependency, lung damage, heart problems, liver disease, physical and mental depression, increased infection, irreversible memory loss, personality changes, and thought disorders. Health risks generally associated with tobacco can harm nearly every organ in the body, cause many diseases, reduce health in general, as well as being linked to multiple forms of cancer. Human Resources Department and Office of Student Services are responsible for informing students and employees about the dangers of drug, tobacco, and alcohol abuse.

Treatment Resources

SCU provides professional counseling services through a contracted partnership with Bethany Counseling Center which is located in Bethany, Oklahoma near the SCU main campus. Bethany Counseling Center offers individual consultations for students and employees concerned about substance use and abuse. Students, faculty, and staff can obtain confidential drug and alcohol counseling by contacting the Office of Student Services. Bethany Counseling Center contact number is 405-603-3265.

The state of Oklahoma provides information, assistance, and referral for area programs located throughout the state. The Oklahoma Department of Mental Health and Substance Abuse Services is located at 1200 NE 13th Street, Oklahoma City, OK 73152-3277 or call Toll-Free, 24 Hours 1-800-522-9054.

Description of Sanctions

Southwestern Christian University considers a violation of this policy to be a major violation for students, which can result in a referral for criminal prosecution, and/or immediate disciplinary action up to and including termination from employment for employees and either probation, suspension, or expulsion from the university for students. A criminal conviction is not required for sanctions to be imposed upon an

employee or student for violations of this policy. SCU holds a “No Tolerance” policy concerning drugs for both the student and the employee.

This policy requires an employee to notify his/her supervisor, in writing, of a criminal conviction for drug or alcohol-related offenses occurring in the workplace no later than five calendar days following the conviction. Employees must contact Human Resources which is located in the Wallace Hamilton Administration Building.

Students are required to notify the Office of Student Services, in writing, of a criminal conviction for drug or alcohol-related offenses occurring while an enrolled student at SCU.

Failure to make proper notification by the employee or student shall be grounds for the imposition of sanctions, including but not limited to suspension, or termination of employment.

Federal and State Law Penalties

Federal and State laws prohibit the illegal use, possession, manufacturing, sale or distribution of drugs and alcohol. The laws provide for serious penalties upon their violation, including imprisonment, fines, and/or forfeitures.

Federal Drug Laws

The possession, use, or distribution of illegal drugs is prohibited by federal law. There are strict penalties for drug convictions, including mandatory prison terms for many offenses. The following information, although not complete, is an overview of federal penalties for first convictions. All penalties are doubled for any subsequent drug conviction.

A. Denial of Federal Benefits

21 U.S.C. 862

A federal drug conviction may result in the loss of federal benefits, including school loans, grants, scholarships, contracts, and licenses. Federal drug trafficking convictions may result in denial of federal benefits for up to five years for a first conviction. Federal drug convictions for possession may result in denial of federal benefits for up to one year for a first conviction and up to five years for subsequent convictions.

B. Forfeiture of Personal Property and Real Estate

21 U.S.C. 853

Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation, including houses, cars, and other personal belongings. A warrant of seizure is issued and property is seized at the time an individual is arrested on charges that may result in forfeiture.

C. Federal Drug Trafficking Penalties

21 U.S.C. 841

Penalties for federal drug trafficking convictions vary according to the quantity of the controlled substance involved in the transaction. The list below is a sample of the range and severity of federal penalties imposed for first convictions. Penalties for subsequent convictions are twice as severe.

If death or serious bodily injury results from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces a mandatory life sentence and fines ranging up to \$8 million.

Persons convicted on federal charges of drug trafficking within 1,000 feet of a university (21 U.S.C. 845a) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of at least one year.

D. Federal Drug Possession Penalties

Persons convicted on federal charges of possessing any controlled substance face penalties of up to one year in prison and a mandatory fine of no less than \$1,000 up to a maximum of \$100,000. Second convictions are punishable by not less than 15 days but not more than two years in prison and a minimum fine of \$2,500. Subsequent convictions are punishable by not less than 90 days but not more than three years in prison and a minimum fine of \$5,000.

State Drug Law

All states regulate and control the possession of controlled dangerous substances (CDS), though each differs in its exact definition of CDS and the penalties for possession. Oklahoma classifies not only well-known drugs like marijuana, heroin, and cocaine as CDS, but also the compounds used to manufacture them.

How Oklahoma Classifies CDS

Oklahoma divides CDS into five “Schedules.” Schedule I lists the most dangerous drugs, which have a high probability of abuse and addiction, and no recognized medical value. Schedules II, III, IV, and V decrease in dangerousness and probability of abuse, and increase in recognized medical uses.

If you’ve been arrested for illegal CDS possession, you’ll need to consult the Oklahoma Code that lists precisely which drugs fit into each group. Go to the statute ([63 Okl. Stat. Ann. §§ 2-204 to 212](#)) and find the substance you’re charged with possessing -- it will be listed under one of the five classes.

Penalties for Possessing CDS

It is illegal in Oklahoma to possess CDS without a valid medical prescription. Penalties vary according to the type of CDS involved in the violation. (63 Okl. Stat. Ann. § 2-402(A)(1).)

A. Schedule I or II CDS

Penalties for a first offense include a fine of up to \$5,000, at least two (and up five) years in prison, or both. Second and subsequent offenses incur a fine of up to \$10,000, at least four (and up to 20) years in prison, or both. (63 Okl. Stat. Ann. § 2-402(B)(1).)

B. Schedule III, IV or V CDS

Penalties for a first offense include a fine of up to \$1,000, up to one year in jail, or both. Second and subsequent offenses incur a fine of up to \$5,000, at least two (and up to ten) years in prison, or both. (63 Okl. Stat. Ann. § 2-402(B)(2).)

Marijuana possession, sale, and manufacture are regulated by both state and federal law. In Oklahoma, marijuana is classified as a Schedule I substance, which means that it has a high potential for abuse and no generally recognized medical value. (63 Ok. Stat. Ann. § 2-204.) Also, it is a crime to drive under the influence of marijuana in Oklahoma.

C. Marijuana Possession

It is a crime to knowingly or intentionally possess marijuana (including small amounts for personal use) in Oklahoma. In addition to a possible fine, the judge will sentence a defendant to up to a year in jail for a first offense, and between two and ten years in prison for a second or subsequent offense. (63 Ok. Stat. Ann. § 2-401.)

Please Note: Earlier this year, the State of Oklahoma passed state question 788 which legalized medical marijuana. SCU will evaluate the implications of this once legislation has been finalized later in the year.

D. Manufacture and Sales

Manufacturing or selling marijuana (or possessing marijuana with the intent to do so) in Oklahoma is illegal. Penalties vary according to the amount possessed, manufactured, or sold. Penalties may double for sales to a minor, and for violations that take place within 2,000 feet of a school, park or public housing units. (63 Ok. Stat. Ann. § 2-401.)

- **Cultivating up to 1,000 plants, or selling up 25 pounds.** Penalties include a fine of up to \$20,000, between two years and life imprisonment, or both.
- **Cultivating 1,000 or more plants.** Penalties include a fine of up to \$50,000, between 20 years and life imprisonment, or both.
- **Selling between 25 and 1,000 pounds.** Penalties include a fine of between \$25,000 and \$100,000, between four years and life imprisonment, or both.
- **Selling 1,000 pounds or more.** Penalties include a fine of between \$100,000 and \$500,000, between four years and life imprisonment, or both.

E. Drug Paraphernalia

It is illegal in Oklahoma to manufacture or sell drug paraphernalia (or possess paraphernalia with the intent to do so). Paraphernalia includes items used in growing, harvesting, processing, selling, storing, or using marijuana. A conviction may be punished with up to a year in jail, and a fine of up to \$1,000 for a first offense; up to

\$5,000 for a second offense; and up to \$10,000 for a third or subsequent offense. (63 Ok. Stat. Ann. § 2-101.1.)

Program Plan

Southwestern Christian University will use a variety of means to educate and inform students and employees of the policy and resources available concerning drugs and alcohol.

1. Email: Each semester, fall and spring, within the first month of that semester, a copy of the SCU Drug and Alcohol policy will be emailed to employees and students.
2. Chapel Program: SCU will also use the Chapel Program to educate and provide resources to students using Public Service Announcement videos using faculty and students in those commercials to spark attention. Videos will be shown throughout the semester dealing with alcohol, drugs, suicide, violence and other social issues. Each video will conclude with information on where to get help.
3. Orientation: SCU orientation will provide information about the Drug and Alcohol Policy during the orientation process for students and employees.
4. Handbook: A copy of the Drug and Alcohol policy will be in the SCU Student Handbook and Employee Handbook each year.
5. Website: SCU will place this Drug and Alcohol Abuse Prevention Program (DAAPP) brochure on its website under “Consumer Disclosures” which should be located on the main page.

Biennial Review

Southwestern Christian University will review this policy yearly along with the Office of Student Services and Human Resources; however, the Part 86 committee will convene every 2 years to assess the effectiveness of the policy and implement changes.

SCU will use surveys from students and staff to obtain information about the DAAPP. These surveys will help SCU to determine if information is being disseminated effectively, resources for assistance is known, and if the policy and punishments from the policy is a deterrent from using illegal substances. These surveys will be distributed once a year and the results will be given to Institutional Effectiveness for analysis and storage for 2 years. At the end of the second year, the data will be given by request to Human Resources and the Office of Student Services along with the Part 86 Committee for the Biennial Review. The next Biennial Review is scheduled for July 2020.

The Part 86 Committee Consists of: Brad Davis, VP of Student Services; Zack Sherrill, Director of Housing; Kaylee Bishop, Director of Student Life; Kellye Johnson, Director of Financial Aid; Jacob Spencer, Director of Admissions; Rita Palmer, Human Resources; Robert Lenk, Dean of Enrollment Management; Natalie Monzon, Student Representative.
